

West Penn Hardwoods / Tidewater Turners Special Order Trial Program

Woodcraft and West Penn Hardwoods have worked a deal to offer their bowl and spindle blanks at 10% off their regular website price with free shipping. This trial will run for several months to see what the response is by club members. If combined monthly orders are large enough for West Penn to throw in free freight the program will continue.

How the system works:

Members of the TT's can go to West Penn Hardwood's web site at <http://www.westpennhardwoods.com/static/index.htm> to search their in-stock wood supply.

Each month, club members can bring their list of desired wood bowl blanks and spindle blanks to the meeting and record them on the special order form at the front desk.

Woodcraft will order all the wood blanks that club members request within a day or two following the monthly meeting.

The wood will arrive at woodcraft and club members will be called for pick-up.

At pick-up, club member will get their Woodcraft / Club discount of 10% off the West Penn advertised web price and with no shipping at this time.
